

This Qeedji e-Paper 6" is particularly dedicated to digital signage.

This screen with very low consumption is able to operate without battery change for more than 3 years.

It is equipped with a WPAN modem and an NFC/MiFare badge reader.

It can receive 4-grayscale images via your "Mass storage" USB port or via an WPAN Hub compliant with BLE 4.1 like SMH300.

The SLATE106 device exposes an open API for customised use (communication with a smartphone, etc.).
